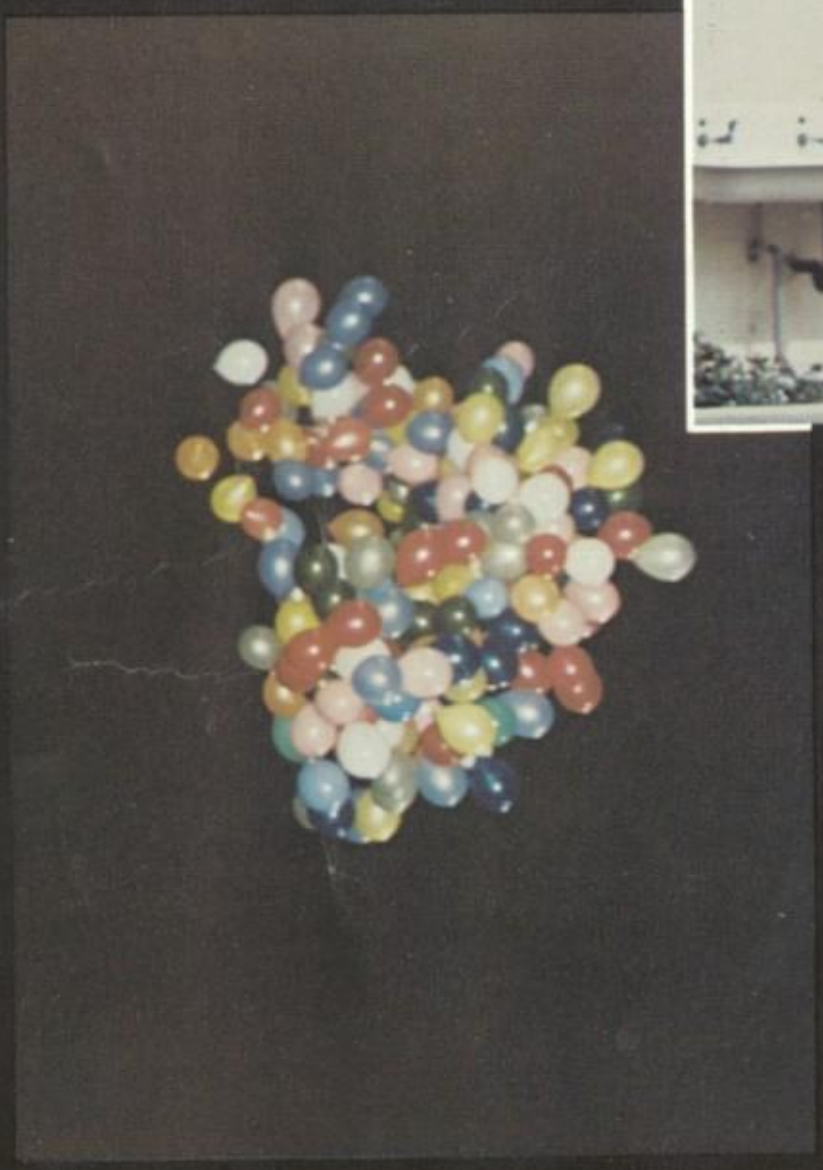
In the Face of Adversity . . .



Times of great calamity have ever been productive of the greatest minds. The purest ore is produced from the hottest furnace and the brightest thunderbolt comes from the darkest storm.

"WE NOW SHALL SOAR."

Seniors wind down their high school career with a full schedule. Senior Hat Day during Homecoming Week filled the school with an array of unusual headgear. The annual magazine sale with zealous participation helped raise funds for more senior activities such as the Senior Banquet. But the big event of the year was the Senior Prom. Preparation for the Senior Prom began far before the big night. The dance hall and band were chosen by the Senior Class Council a full year ahead. Personal preparation involved getting a gown, or a tuxedo, transportation, and the money to buy tickets. This big event is always enjoyed by all the people who participate. To be a Senior is quite a wonderful experience.

"Crescenta Valley, now to thee,
We sing our song of loyalty . . ."
Never could get past that.
Never really had to.
Just stood there,
Put my two fingers in that
Traditional peace sign or
Whatever it was, and mouthed it.
Wonder why I never learned it?
Guess I didn't take the time.
Wish I had . . .
Now.
I look back and see
What I missed and what I didn't.
Didn't miss that much.
Went to all the football games
Basketball too.
All the concerts, activities, dances.
You name it, I was there.
Wonder why I never learned it?
"Here our hearts will ever be."

You shouldn't worry about
what people say you should do
Whatever success or failure
It's all on you
Don't get caught up trying to be
something that you're not
Have a little faith in what you do
Give it your best shot

Just make a move and be yourself

Sit tall in the saddle of life
Keep the faith and do
what you think is right
Everybody believes in something
Believe in what you do
Do the best with what you've got
'Cause it all reflects on you'
Just make a move move and be yourself

OPEN ACT III

The curtain is falling on
Yet another scene of my life
18 scenes now completed
Not only is the scene over
But the second act as well
My childhood long since gone
My schooling now over
I wonder what I'm to do next
No intermission to decide
No time to evaluate
I must choose in haste

The curtain opens on Act III
I'm now on my way
Am I out on stage alone?
Are there no lights to guide me?

God bless the students!
They come with hopes and dreams;
They come with fears and dreads it seems,
And predetermined notions,
And plans that would fill oceans.

God bless the students!
So many see their dreams come true.
A few, their fears and dreads do, too.
They live, they love, they laugh, they cry.
They reach above and grasp the sky.

God bless the Seniors!
They've shared themselves and grown so much.
They've planned their futures with a touch
Of fear and doubt
(But not too much).
It's mostly hopes and dreams and such.

God bless the Seniors!

That long-awaited moment
Finally now a reality.
We've come so far.
From pigtails and fingerpainting
To college and a new-found freedom.
We've been together so many years,
Only now to see each other go in different ways.
Hesitantly we say, "Goodbye."
There are tears, but with them
Smiles of anticipation.

What is to come is a new beginning —
New friends, new horizons,
And a test of the strengths we have gained.
From now on we all see the same sun
But from different angles,
And in different ways.

You are the last of three McGee's that I have met, now there is no comparison between you and your sisters. And if there is I sure wouldn't make it. Hey! Check what I'm really trying to say is, it won't be the same without you, Not being able to bug you every day, not being able to pinch your ass every so often, Yeah! I'm sure going to miss you. Hopefully I can come back and visit you guys next year. I hope that everything you do comes out super duper - Ha! Ha! Also I hope you and Lenny stay together - Ha! Ha! Maybe we will see each other in the summer, if not I'll remember you, as you are, sweet, loving, and caring and a very special girl to me always. A FRIEND

Of all the Heavenly gifts that mortal men commend,
What trusty treasure in the world can countervail a friend?
Our health is soon decayed; goods, casual, light, and vain;
Broke have we seen the force of power, and honor suffer stain.
In body's lust man doth resemble but base brute;
True virtue gets and keeps a friend, good guide of our pursuit.
Whose hearty zeal with ours accords in every case;
No terms of time, no space of place, no storm can it deface.

A GREETING

But once or twice we met, touched hands,
To-day between us both expands
A waste of tumbling waters wide, —
A waste by me yet untried,
Vague with the doubt of unknown lands.

Time like a despot speeds his sands:
A year he blots, a day he brands;
We walked, we talked by Thamis' side
But once or twice.

What makes a friend? What filmy strands
Are those that turn to iron bands?
What knot is this so firmly tied
That naught but fate can now divide? —
Ah, these are things one understands
But once or twice.

— Austin Dobson

We cannot tell the precise moment when a friendship is formed. As in filling a vessel drop by drop, there is at last a drop which makes it run over; so in a series of kindnesses there is a last one drop which makes the heart run over.

Sophomores: Class of '83

The Class of '83 gott off to a slow start. However, once organized, the new students strode forward with great vigor. Once again they bought more student body cards than any of the classes. Advisors Mr. and Mrs. Zarillo put together the Sophomore day of activities of Homecoming Week without the benefit of formal representatives.

The leadership body of the Sophomore Class uses a Board of Directors format as opposed to a class council in order to more fully utilize the talent available to them. With the goal of preparing themselves to have a successful senior year, the underclassmen, among other things, sold class T-shirts, sponsored a booth at Renaissance Day, and produced a dance in the Spring.

The advisors were Mr. and Mrs. Zarillo; President, Bret Heimann; Vice-President, Sandy Kennedy. On the Board of Directors were Secretary, Rowena Heck; Treasurer, Duk Chun; Fund Raising, Janine Comoletti and Kellene Cronin; Dance Co-ordinators, Russ Clegg and Kendi Kallan; Renaissance Day, Colleen Mc Carty; Publicity, Karyn Beall and Robin Davis.

If today was not an endless highway;
If today was not a crowded trail;
If tomorrow wasn't such a long time;
Then lonesome would mean nothing to you at all:

I don't see the reflections in the water;
I can't speak the sounds that show no pain;
I can't hear the echo of my footsteps;
Or can't remember the sound of my own name.

To dream the impossible dream
To fight the unbeatable foe
To bear the unbearable sorrow
To go where the brave dare not go.

To right the unrightable wrong
To be better far than you are
To try when your arms are too weary
To reach the unreachable star.

And the world
Will be better for this
'Cause one man
Scorned and covered with scars
Still strode
With his last ounce of courage
To reach that unreachable star.

New Beginnings

How often we wish for another chance
To make a fresh beginning,
A chance to blot out our mistakes
And change failure into winning —
And it does not take a new year
To make a brand-new start,
It only takes the deep desire
To try with all our heart
To live a little better
And always be forgiving
And to add a little "sunshine"
To the world in which we're living —
So never give up in despair
And think that you are through,
For there's always a tomorrow
And a chance to start anew.

ACTIVITIES

A Week of Magic

"Could It Be Magic?" was our Homecoming theme for 1980.

Monday found a few sophomore football players up on the rally platform ready to be wrapped up in toilet paper. The signal was given as the sophomore cheerleaders began to chant "Mummify the Moors" to help ignite the rising spirit of the entire school.

On Tuesday three senior boys were led up to the rally platform where they were blindfolded. Each was told that a senior princess was going to kiss him, and he had to guess which one had given him the kiss. However, their mothers were secretly ushered on to take the place of the girls. As one might well imagine, this resulted in three embarrassed seniors.

On Wednesday the Junior Class sold Kazoos and balloons that read "Homecoming '80." They also performed fight songs and a can-can number.

As is traditional on the Thursday night before the game, a crowd of about 300 students gathered on the lower football field for the Homecoming Bonfire. The highlight of the evening was the lighting of the bonfire. The rest of the evening was filled with cheers, fight songs, and the throwing of a dummy, symbolizing the Moors, into the fire.

The Cheerleaders found out on Friday that the teachers were out to get their jobs when Miss Bayz, Miss Collins, Mrs. Jensen, Miss Wells, and Mrs. Zarillo donned cheerleading costumes to put on a very impressive routine. Later, Mr. Nicholson led a sizeable number of teachers in the Falcon spell-out.

That night our Varsity made a good showing in the Homecoming game, but was unable to win.

Homecoming Week ended with a dance sponsored by the ASB Cabinet. The dance in the cafeteria was one of the largest Homecoming dances in many years, partly due to the fact that it was the first dance of the year. So ended a truly magical week.

A Magical Moment

"I don't believe this!" exclaimed Julie Anderson to her escort, Cary Jensen, after Master of Ceremonies Jim Brehm proclaimed her Homecoming Queen during the halftime ceremonies at the Homecoming game.

Halftime festivities began with the Marching Band coming into formation as the court was chauffeured around the stadium.

The 1980 court included Senior Princesses Julie Anderson, escorted by Cary Jensen; Karen Gillis, escorted by Keith Malone; Kathy Gleeson, escorted by Dave Woodruff; Junior Princess Cecilia Potter, escorted by Jamie MacDonald; Sophomore Princess Jeri Townsan, escorted by Todd Rossell.

The five were escorted to a riser on the field. With mounting anticipation, Jim Brehm, escorting last year's queen, Mary Logan, made his way to the riser to announce which Senior Princess would be chosen for this honor. Excitement built as Jim and Mary approached the microphone and all attending exploded into cheers when he announced Julie Anderson Queen of Homecoming. After hugs and words of congratulations the court was driven around the stadium once more before joining the crowd in the stands in seats of honor.

To this court it was truly a magical moment.

"Boy are we enthusiastic . . . we are feeling G-O-O-D!"

The 1981 Pep Squad was an inspired, enthusiastic group. The Cheerleaders, Song Girls, Mascot and Director of School Spirit began their year by going to cheerleading camp during the summer, where they worked very hard in learning routines and cheers, and competed with other squads from all over the country. The JV squad received a trophy for being the best all-around JV squad out of about 100 other squads.

The Pep Squad, under the supervision of Miss Kathy Collins, presented many pep rallies throughout the year. They performed routines and did cheers to raise spirit for the football, water polo, basketball and baseball games. The Pep Squad also entertained during halftime at many sports events and showed devotion to the athletes by making locker rooters before each game. The 1981 Pep Squad consisted of six Sophomore cheerleaders, six Varisty cheerleaders, six Song Girls, and six Junior Varsity cheerleaders, who were reinstated this year. Todd Rossell was the Director of School Spirit and Kim Black was the Falcon Mascot. The Student Body was proud and appreciative of the spirit generated by the 1981 Pep Squad.

All Hallow's Day

Once again, on October 31st, a traditional Halloween dress-up day at CV, students had the opportunity to portray their favorite hero, villain or idol. Strolling through the quad, one saw bizarre costumes that ranged from green-faced Martians to upbeat punk rockers. Festivities began at snack with a Pep Rally to cheer on the football team for the game that night. The Sophomore Cheerleaders did a cheer to the lyrics of "The Addams Family" in costume. The JV Cheerleaders, dressed as surfers, did a "Surf's Up" cheer, and the Song Girls and Varisty Cheerleaders combined for a routine to "The Monster Mash."

Lunchtime activities included a pumkin-pie-eating contest, a "trick-or-treat" reply contest and bobbing for onions, along with the traditional costume contest. Sam Sciarillo, dressed as Frank-n-Furter from **The Rocky Horror Picture Show,** won the contest with the most applause from the attending student body.

The Wild, Wild West

Many cowboys and cowgirls were seen roaming around the CV campus November 7, Western Day. This ASB-sponsored dress-up day was used as a promotional gimmick for the Girls' League Dance the next evening.

At snack on the rally platform duputy sheriff badges were sold. Events included a cow-roping contest, with Kathy Neiggemann volunteering to be the cow. The object of the contest was to see who could get her on her back and tie her legs and hands together with twine. Another event was the hog-calling contest in which viewers were encouraged to come up to the mike and give their best hog call.

The rest of the day, the quad was filled with western and bluegrass music.

YAHOO!

The Upper Civic Auditorium was transformed into a picturesque Wild West on November 8, 1980, for the annual Girls' League Backwards Dance, "Rock of the Westies." Couples came dressed in typical Western attire that included cowboy hats, boots and vests. The Girls' League provided cider and cookies for refreshments, and a disc jockey played recorded music from various artists for entertainment and dancing. The court consisted of Sophomore Robbie Rogers, Junior Kevin Finigan, and Seniors Todd Rossell, Ryan Kent and Todd Veden. At 10:00 Girls' League President Lainie Mills announced Ryan Kent as King.

OUR TOWN
A Play by Thornton Wilder
December 4, 5, 6, 1980 — 8:00 P.M.

"Cast call, tomorrow at six," is one of the many instructions received by the cast on the last night of dress rehearsal. The play begins at eight, as have all the other plays which have preceeded it. This means the entire cast has two hours to put on make-up, get in costume, rehearse the curtain call, and still have enough time left over for a pep talk from the director before the show begins on opening night.

Cast members put in many hours outside of school for rehearsals, as well as set construction with the stage crew members. The actors and actresses put in as many as one to four hours on a weeknight and as many as three to eight hours on the weekends.

"Our Town" was just the same. The cast also had the extra challenge of pantomiming their actions on stage, as the script calls for only the most essential props, leaving the rest to the imaginations of the playgoers.

Heading the cast were Craig Weaver, as the Stage Manager, and Tracy Neate and John Semerau as Emily Webb and George Gibbs. Directing the play was William L. Thomas and lighting design and technical was done by Giatheatrics.

Marching Band
Keeping in Tune with the Times

The Marching Band had a busy, yet very successful year in 80-81. They entertained crowds at football games by providing excellent half-time shows and provided music for the cheerleaders' performances. Besides entertaining at pep rallies and at sports events, the Marching Band competed in the San Diego Band Review, the Temple City Camelia Festival, and received second-place honors in the Days of Verdugos Parade, where they beat La Canada for the first time in history. Other events in which the Band participated were the Winter Concert on January 22nd, the Pops Concert on March 12th, the Spring Concert on May 21st, and they played at Disneyland on February 25th. The Marching Band also played in a marathon and beat the previous school record by playing over 35 hours straight, to raise money for the Band. Director Bill Card and Drum Major Dale McGowan generated spirit among the Marching Band members, which was reflected by their music and appreciated by all.

The Tall Flags won competitions at Knott's Berry Farm in the fall and marched with the Marching Band and Drill Team in the Days of Verdugos Parade in October. Under the direction of Miss Bayz, the Drill Team and Tall Flags provided excellent half-time entertainment at the football games. The majorettes this year were Claire Weaks and Lisa MacQueen.

Combined Choirs Present

A Feast of Lights

The lights dim. As the crowd settles back in their seats, the director takes her place at the podium situated before rows of empty seats. A small group of students files between the seats toward the center. The director raises her wand . . . .

So began the 1980 Christmas Concert, "Feast of Lights," on December 18th, a tradition at CV since the school opened. Under the direction of Miss Shirley Nute, the combined choirs, which include Men's Glee, Women's Glee, A Cappella Choir and Charismatics, presented two performances before large audiences of parents, alumni and friends.

The production of this event began early in the school year as the entire department had to commit to memory over twenty songs that totaled approximately one hour of music. Long, hard hours were put forth toward the production, in school as well as out of school. Besides effort by the students and Miss Nute, CV alumni who had previously participated in the program assisted in the production.

"Print or White . . . Togas have the look that's right"

On January 16, Toga Day, the quad looked like an ancient Roman bath, as many students clad in Roman fashion demonstrated their spirit. ASB raised enthusiasm for this event by putting on a toga fashion show a few days before the designated Toga Day. The latest styles in togas, such as the punk toga, skier's toga, and western toga were modeled by members of the Fall Cabinet. Toga Day was intended to spark enthusiasm for the Toga Dance in the cafeteria the following night.

The Toga Dance, sponsored by the Interclub Council, was a well-attended success. The price to get in with a toga was $2, and for those duds who weren't clad in Roman attire, it was $2.50. A disc jockey provided music for dancing, and showed his spirit by wearing a toga as well. Refreshments of punch and cookies were provided by the Interclub Council.

ASB Elections
A Time of Triumph and Defeat

The anticipation builds as the candidates' eyes follow the outgoing ASB president as he walks across the rally platform toward the microphone to announce the election results.
And the winner is . . .

Whether it was January or June, elections on the CVHS campus created a certain amount of excitement for the Student Body. During this time students looked up at the walls on their way to class and viewed a collage of posters, large and small, intended to familiarize the Student Body with the candidates.

The most popular offices, the ones that attracted the most candidates and attention were ASB President, Director of Assemblies, Director of Activities, and Director of School Spirit. Because of the prestige of these offices, students went to great lengths to be elected, which added excitement to elections.

Seeing a candidate with his name and the office he was running for on his shirt was not new to the CV campus. Candidates handed out balloons, hung posters or wrote them in another language, wore wild hats, and did just about anything else that came to mind to gain the votes of the populace.

In order to run, it is necessary for a candidate to have good citizenship and grade point average of 2.0, as well as an ASB card. Once the candidate has obtained the required signatures on his intent-to-run form to verify these qualifications, he can run for office.

"Laughter in the Rain"

The setting for the 1981 Junior Dance, "Laughter in the Rain," February 7th, was the Lower Civic Auditorium. The Junior Class, which sponsored this event, had the Civic decorated with raindrops and umbrellas to carry out the theme of the dance. Entertainment was provided by disc jockey Steve Wiener, who played recorded music from various artists. The court consisted of Jan Rashoff, Tracy Neate, Traci Forbes, Cindy Gottreich, and Gloria Mazzela. At 10:00 p.m., Junior Class President Jamie Mac Donald crowned Jan Rashoff 1981 Junior Dance Queen. The Junior Class served punch and ice cream for refreshments. The dance was well attended and a success.

Shopping for Colleges College Tour

Once again this year, forty-one students boarded a bus headed for eight college campuses to visit, tour, and get a taste of college life. The College Tour left CV on February 18th and returned on February 21st. The first day out they toured Cal Lutheran, Westmont, and UC Santa Barbara. The next day found the group at Cal Poly San Luis Obispo and Santa Clara. The third day the students, along with advisors Adison and Pape, visited University of the Pacific and UC Davis. The final day the group toured UC Berkeley and Stanford. After a day spent in San Francisco, the group flew home to Burbank Airport. It was an advantage for the students to visit the campuses at this time because most of them were in session, and this gave the students the opportunity to see how they function when classes are in progress.

Helping to Make The Right Decision

Probably one of my most valuable experiences at Crescenta Valley was the College Tour. This annual tour allows our students to observe compus life first hand. During the trip we visited ten universities in all, traveling throughout much of California. Stanford, Cal Poly San Luis Obispo, UC Berkeley, UC Davis, and University of the Pacific were some of the schools we visited.

I learned a great deal about these universities through the tour. Much can be told about how a particular college functions by just speaking with some of the students. This is one advantage over the limited information available in college brochures. At each campus all of the students on the tour were usually informed about the academic requirements, strong points and basic social life of that particular university by a school representative. However, for the most part, the entire tour was nothing but fun. Each day everyone on the tour could go out to eat wherever he or she chose. Toward the end of the tour, while at San Francisco, we were all allowed to go out to dinner and visit the city. There was also considerable time set aside for shopping. We had a great deal of personal freedom, which was nice.

Everyone seemed happy after the trip, and I personally got more from the tour than I thought I would. Crescenta Valley students are very fortunate, in that we are one of only a few high schools which offer this incredible opportunity.

Rendezvous in Paradise

The annual Sophomore Backwards Dance was held on Friday, March 13th, at the lower Glendale Civic Auditorium from 8:00-11:30 p.m. The theme for the dance, sponsored by the Sophomore Class, was "Rendezvous in Paradise." The Backwards Dance Court consisted of Senior Steve Rousey, Junior Tony Villasenor, and Sophomores John Weingarten, Wade Wirth, Bret Heimann. At 10:00, Wade Wirth was crowned King.

Assemblies
They Educate and Entertain Us

Students enjoyed a variety of assemblies throughout this year. The programs scheduled by Director of Assemblies Kathy Neiggemann ranged from the seriousness of Comfel's production, "Hard Times," to the lighthearted pantomine assembly featuring Cary Travanovich.

The year started out with the presentation of "Hard Times" at a double assembly on September 25th. Parts of contemporary songs that fit the theme were synchronized with action pictures, sports clips, cartoons and clips of movies which showed people surviving in the face of adversity.

The next assembly was put on by the Yearbook Staff to promote the sale of the **Talon.** The production included slides of various members of the Student Body.

The Advanced Dance class entertained the Student Body at the next assembly on November 26th. Under the direction of Mrs. Joan Shoff, various groups from the class choreographed dances to contemporary songs.

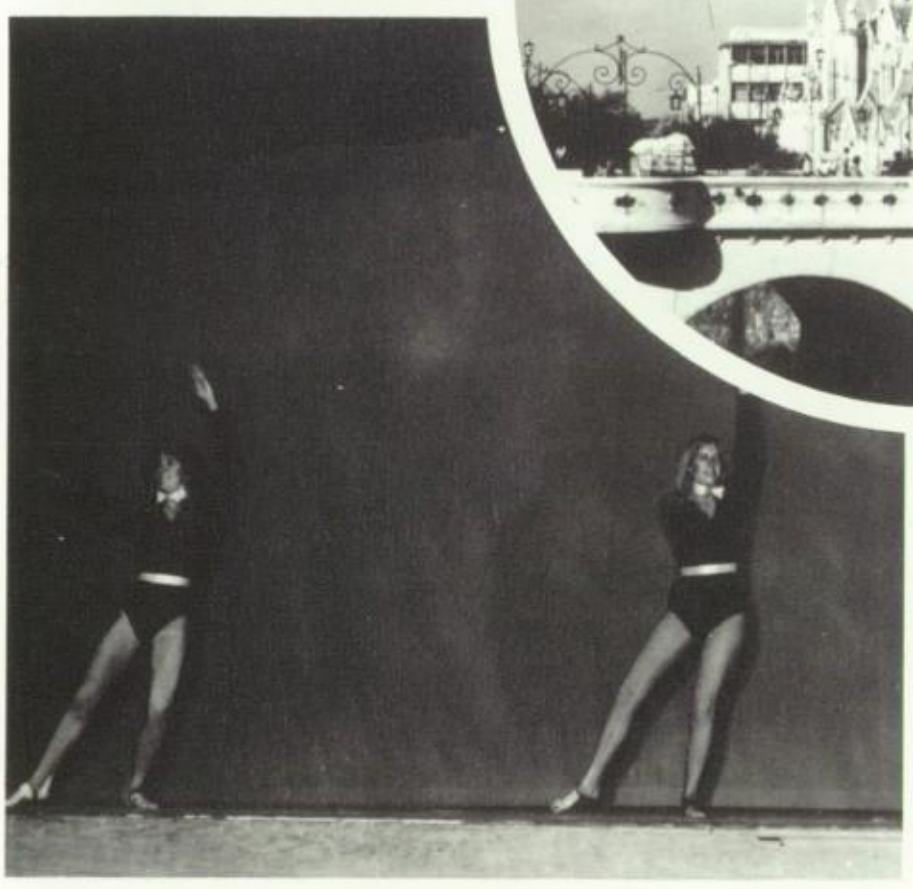
The December 9th AFS assembly featured students from CV who traveled abroad the previous summer telling of their experiences and showing slides of their countries.

The next assembly was the important Election Assembly on January 13th. The purpose of the Election Assembly was to familiarize the students with the candidates running for office and inform the Student Body of their intentions and ideas if elected.

The next assembly brought to the students was the February 11th Pantomime Assembly, featuring mime Cary Travanovich, who did various comical pantomime routines.

Hypnotist Richard Zinger came to CV for the next assembly on March 19th. Zinger entertained the students by hypnotizing a group of volunteers, who were willing to make fools of themselves in front of the Student Body.

The final assembly of the year was the Senior Awards Assembly on June 10th. In this Assembly Sealbearers were presented before the group of parents, students and faculty, as well as other award and scholarship winners.



Harvey

April 2nd, 3rd, and 4th were the dates of the Spring Play, **Harvey,** a comedy. The play is the story of Elwood P. Dowd who has a friend, "Harvey," that only he can see. This is strange enough, but the truly unusual characteristic of Harvey is that he is a six-foot-one-inch rabbit! **Harvey** is the story of how Elwood P. Dowd struggles with the problems Harvey brings him and how Elwood and Harvey drive Elwood's friends and relatives crazy. Under the direction of Mr. William Thomas, the cast of **Harvey** is a sensational group of strong actors, including Jim Brehm, Holly Wolfle, Tracy Neate, Leigh Ann Bedal and Craig Weaver.

Hear Ye, Hear Ye, Ye Olde Renaissance Day

On May 15th, the quad was covered with hay and a true Olde English spirit was captured for Renaissance Day. At lunch, a student could have wandered throughout the quad and found just about anything to satisfy his or her appetite. Various clubs sold culinary delights such as turkey legs, pineapple, German sausage, cookies, candies, lemonade, ale, burritos, steak-on-a-stick, and lemon delights. Some clubs also sponsored game booths and it was not unusual to see jesters or minstrels strolling throughout the crowd and entertaining Faire goers. Students also had the opportunity to dress in Renaissance attire. By the end of the day, a little taste of Ye Olde English life was brought to the CV campus.

Feliz Navi-dad

The annual Father-Daughter Dessert took place on December 7th, 1980, in the cafeteria. The theme this year was "Feliz Navi-dad" in honor of the Christmas season. The dessert served was apple pie. The girls and their fathers had the opportunity to dance to music provided by the Crescenta Valley High Stage Band and the Charismatics entertained by singing Christmas carols. Key Club members served as waiters for the evening. Contests in which the girls and their fathers participated were: Look-alikes, which Sharilyn Murdoch and her father won; Biggest Feet, won by Kim Penfold's dad, Russ; and Shortest Dad, which Kathy Gleeson's father won. A fun-filled evening was enjoyed by all of the fathers and daughters who attended.

CV Gives Blood

On December 12th, the Key Club sponsored a Red Cross Blood Drive at CV. Students 17 and over and adults in the community were encouraged by Mr. Adison to come to the cafeteria and donate a pint of blood. Nurses from the Red Cross asked the participating students questions about their past medical history to determine whether or not they were eligible to donate. Ninety-two people signed up to donate, but because of a flu epidemic, only 76 pints of blood were given. However, the Key Club was pleased with the turnout.

Ten in a Million

Over one million high school students enter each year's National Merit Scholarship Competition by taking the PSAT/NMSQT in their junior year. Of that figure, 15,000 students were named as Semifinalists in 1980. They represent the top half of one percent of the state's graduating seniors. Those who meet additional requirements proceed to Finalist standing, one third of whom go on to be Merit Scholars and win a variety of scholarship awards.

Model Scholars

CSF, the California Scholarship Federation, is an organization of California high school students recognized for their outstanding academic achievements. The CV chapter is #663 of Southern California, and the State organization reviews the chapter's qualifications to keep it active. Those students who have met the scholastic requirements and have applied for membership at least four semesters, one in the senior year, are the Sealbearers of their graduating class. Wearing gold tassles and cords at graduation, the Sealbearers are symbolic of academic excellence.

The CV chapter meets as a group the third Wednesday of each month. The members participate in various events, including cake sales for scholarship money, a book swap, and Southern California Disneyland night. The officers for 1980-81 were President John Colton, Vice-President Nancy Heckman, Treasurer Donna Brown, Publicity Chairman Paul Carson, Social Chairman Julie Isenman, Sophomore Representative John Otoshi, and Secretaries Karen Wood and Lisa Lambuth. Club advisors were Mrs. LaVonne Miller and Ms. DeAnn Morris.

Cabinet: The

Fall Term President

Having served as ASB President has been an enjoyable experience for me. It was a term filled with challenges, and although there were times of frustration, the good times definitely outweighed the bad. It was a chance to work with enthusiastic people, especially the members of Cabinet.

This semester was my fourth on Cabinet and I can positively say that this group of officers has been one of the best that CV has seen in a long time. It was through their efforts and enthusiasm and that of Mrs. Jensen that we were able to have such a great term.

May other ASB Presidents be so lucky as to have officers as good as these.

Spring Term President

I found my term as President to be the perfect end to not only my senior year, but also to my high school career. My only regret is that I did not get involved earlier. With a semester each as Director of Activities and President, I feel I have only barely tapped the spirit and energy of the Student Body.

This school continually has the finest student body of any school. Although some classes and some years seem more active and more enthusiastic than others, I believe there is always a certain amount of vitality that has only to be drawn out and utilized.

I am thankful for the help of Mrs. Gale, Mrs. Jensen, Mr. Nicholson, the Cabinet, and all those who supported me during my successes and failures. I hope future presidents will follow my path to glory.

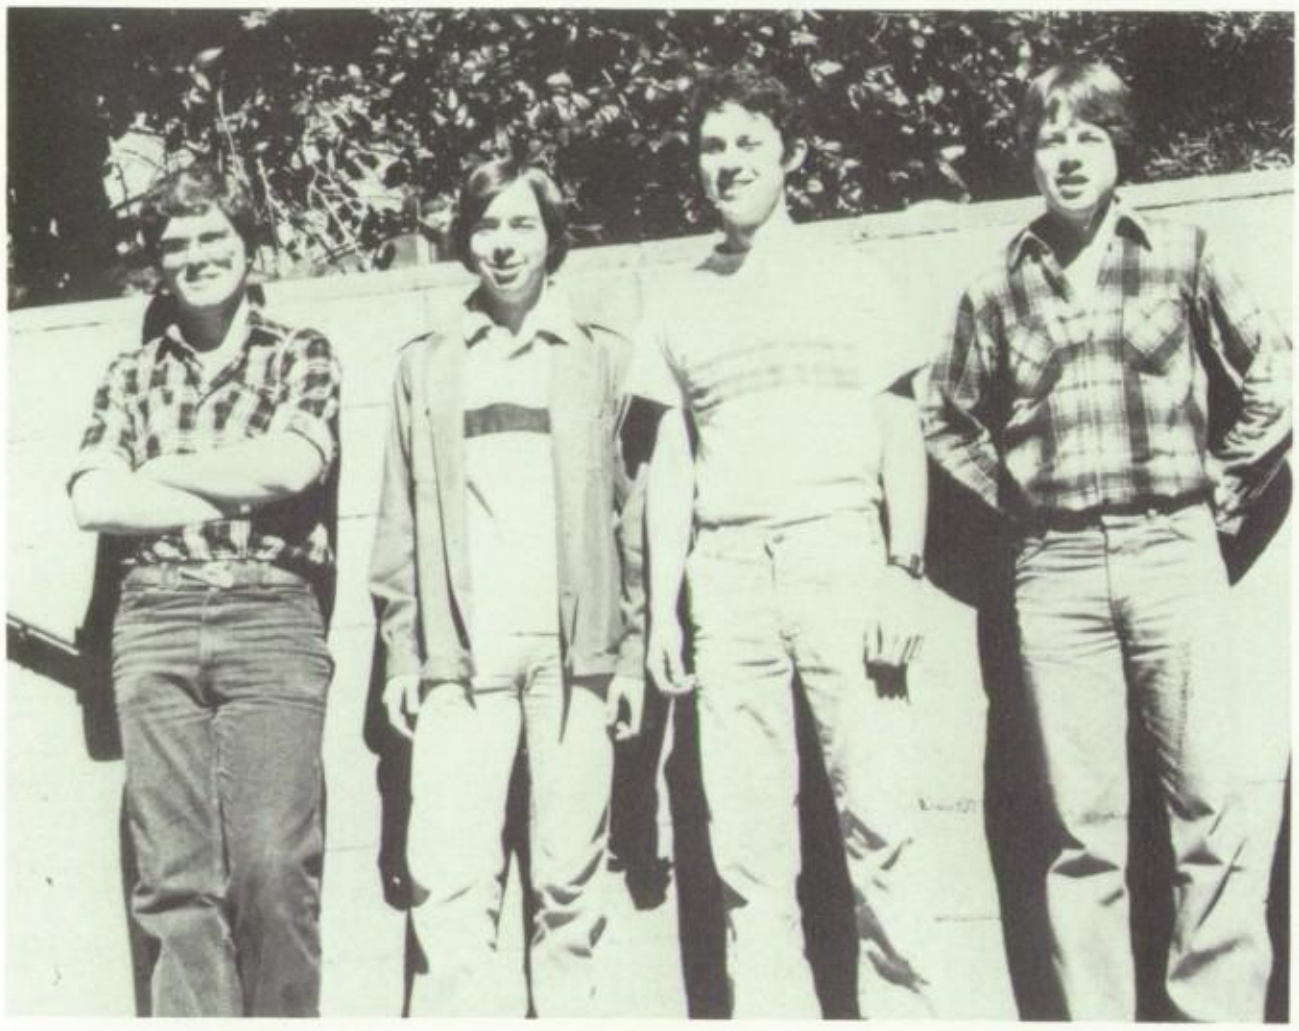
Bank of America Awards

PLAQUE RECIPIENTS



Dale McGowan, Fine Arts; Will Duquette, Liberal Arts; Paul Carson, Math-Science; Bob Magee, Vocational Arts.

The Bank of America Awards are among the most comprehensive and highly respected scholarship programs in the nation. More than 300,000 graduating high school seniors from virtually every California high school compete for a share of the $345,000 in cash awards, including 40 $2000 top awards.

The process of elimination takes the entrants through Zone selection and Final selection. In these the candidates participate in group discussion before a Board made up of educators and civic leaders. The program concludes with the announcement of winners at a bank-sponsored banquet for finalists, their parents and teachers.

Bank of America sponsors the program in the belief that an educated citizenry of tomorrow will come only if the students of today are encouraged in their pursuit of excellence.

NHS: Noted for Excellence

The National Honor Society is an organization of seniors and juniors who have a good academic record and demonstrable leadership qualities. In addition, the faculty chooses members on the basis of high character and citizenship. Even though it is an honorary society, it is still active in charity work and scholarship fund raising. The group has two projects: the Christmas sale with proceeds to go to the beautification of the quad, and the Spring project, which is designed to raise funds for scholarships for outstanding students. Varsity Continues Winning Tradition

The Varsity Basketball team had another productive year to add to its winning tradition. Coach Goffredo had established a 150-48 win-loss record while serving as head coach. Other high-scoring seniors were guards Chip Brandt and Steve Rousey. Forward Brad Salo and Center Mitch Mosesman rounded out the starting five. JV Coach Farenbaugh also assisted Coach Goffredo with the Varsity team.

Advanced Dance Moves to the Beat

The Advanced Dance class, instructed by Mrs. Joan Shoff, gave a number of performances throughout the year. In November they put on their annual Dance Assembly. April 30 and May 1 were the Dance Concerts. Between November and April, the troupe traveled to other schools in the area to demonstrate the art of modern dance. They performed for girls at Rosemont and Clark Junior Highs, and at Glendale, Hoover, and La Canada Highs. The Advanced Dance class worked very hard on all of its performances and presented them with polished style.

Badminton Smashes through Pacific League

Coming from its best season record ever last year, the badminton team was expected to again be a top contender for the 1981 Championships. With only a few returning players from last year's squad, a repeat of an undefeated Pacific League performance was uncertain.

However, with the return of singles players Scott Christensen and Don Oxley, doubles players Don Drader, Nancy Heckman and Janet Rackisits, and with the addition of several strong players up from the JV's, the Falcons were again expected to be the team to beat in the Pacific League.

The Varsity Baseball team had a productive season while striving to repeat its League championship effort of 1980. The team was lead by a strong group of returning Varsity lettermen along with the support of many valuable additions from the Sophomore squad of last year. The coach was very optimistic and praised the strong pitching staff of the team.

The Sophomore Track team began its season with a shaky start, but there were a few outstanding runners who held the team together. Distance runners Peter Herrold and Doug Murdoch set the pace in the 2-mile run. Coach Gilliland anticipated, at time of publication, that many of the sophomores would make a fine Varsity team in the next two years.

Tere, my dear wife, what has happened?!? Everything was going sooo well!! I have only one question: **WHY???** I know that our determination is strong enough to pull us through the dark storm that we now must face. If for no other reason, let's do it just to prove to those that have little or no faith in us that we **can** make it. By the time this is read by you, our long vigil will have come to an end . . . **220 days** of pure !!! Though our separation is a long and lonely one, all that it has done, and will do, is to bring us closer and strengthen the bond that already exists between us. There's a song that says, "I've paid my dues, time after time, I've done my sentence, but committed no crime, and bad mistakes, I've made a few, I've had my share of sand kicked in my face, but I've come through . . . We are the champions, my friend", how truer could a song be? Nirvana will soon become ours once again. Few have supported us along the way, those that did gave us an unquestioned support and had their all behind us. We also found that most of those that we thought were friends, are not; many of those we though weren't are; and we found one or two surprises as we went along. Two years together could not be summed up in any amount of words, our nine days of heaven could not be summed up by words! We have shared so, so much and have yet so much to share. Our lifetime together is but a moment away. "I say love, it is a flower, and you, its only seed" Always cling to your dreams of hope, for soon my love, soon they shall be reality. **"But then, most of all, I do love you . . . still"** — and I always will. Forever, Quantas P.S. I LOVE YOU!!!!!

Larry — What is to be said? So many have fought against us . . . Why? The answer to that question is not our to find. Many have hurt us, the hurt only served to strengthen us. They are trying to win a war that we have already won, we won it when we fell in love. Will we make it? Doubts no longer penetrate my mind. We will, we are going to prove them wrong. We are right. As one, we belong together. "Just remember, in the winter, far beneath the bitter snows, lies the seed that with the sun's love, in the spring, becomes the Rose . . . A time for us, some day there'll be . . . "I'm all out of love, Im so lost without you . . . But then most of all, I do love you . . . still" — I always will. Eternally, Mrs. Tere Wynn

George, Hey kiddo, do you believe we actually made it to 12th grade. Graduating well, that's another story. Gee, George how many years has it been?? You're the greatest! Maybe we were never meant for each other, but so far I think you've been afraid to give it a try. For some reason deep down inside of me I can't help but feel you were too afraid to find out something you weren't sure you wanted to find out. But that's O.K., I'm glad you knew you weren't ready for it. In time, when that time comes for you to meet that "special girl" and you feel you're ready to find out what it's all about, whoever that girl will be — she'll be super lucky! You've worked hard to become someone or something, and even if it takes 10 years, I know you're gonna stick with it and succeed **SOMEWHERE** down the line. REW. All the memories and all the happy times now, will never be able to equal our eternity together. You are my heart, my soul my entire being. Because of you, I am happy and it will be that way forever. You will see. Michol, Joshua, you, and I. Remember Cool Whip, stars, 4:30 a.m., "Yes", Shapeless Mass, crab (oooh it has hair!) I want you to remember all these now cuz there will be so many more you won't know what happened when. I won't forget "You." That song means more to me than peanut butter and chocolate ice cream. Always do what is good for you. You have everything it takes to get there. I'll be there along the way. Please always remember, you will be what you want to be. We will catch every star you see because I have already found my rainbow there — you. Forever, Raining Champagne.

R.C. — You, you make me live. You make me believe. You are my heart. You make me breathe. You, you heal me. You love me. You are the moon and the stars above me. You are the sun that makes my day beautifully bright. I want you to know my love, you're my LIFE. You, you're my laughter. You're my smile. You make my living worthwhile. You hold me 'til everything's alright. You hold me and you love me throughout the wild and lonely nights. You, you're mine. Our life will be as beautiful as the faces of Michol and Joshua, perfect in every way. I love you and will for all eternity. — REW

From one psychologist to another — Thanks for all the listening, understanding, and encouragement. I feel like I've found the perfect friend in you. We've shared a lot together . . . 3 hour phone calls, hopes for the future, problems, secrets, comic relief, starvation, and laughter. I hope our friendship always remains close. P.S. Whatever happened to our ski trip? Maybe next year!

Brian, Kevin, Kurt, Mike, Scott, and Todd, We've had some really great times together. The Greek, Sue's beach house, going up to snow (mud), and especially all those great movies. If we begin with certainties, we will end in doubts; but if we begin with doubts, and are patient with them, we will end in certainties.

There is no limit to what a man can do or where he can go if he does not care who gets the credit.

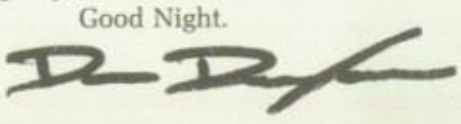
Through the past year I've come to realize how important total group effort is in producing a yearbook. Each individual played an important part in the production, and in seven short months the hard work and creative talent came together and turned out a fantastic book. Thanks . . . **Dan and Dale:** Tar, fog, murals on the doors. Through the Looking Glass? Spontaneity? Grand Illusion? What does 5 million minutes have to do with anything? Let's take a vote for Adversity! **Jim:** (photogenically referred to as Cal): You should know by know that I can't talk to mirrored sunglasses. The quality of work you produced in your sections shows the time and dedication you gave to our book. Your humor added a lot to the class . . . maybe it stemmed from a deeper understanding of people and situations. **Jeff and Lisa:** Thanks for the added help you gave the staff in our last deadline. I hope the experience gave you some insight for next year's book. Good luck to you both. **Gil:** The hassle with questionnaires, bulletins, and reminders to the teachers paid off in the end. The faculty section looks great. Your lay-out designs produced a creative organization for the whole section. **Jeff:** Let's see you fit 89 mug shots on two pages. Your ability to work in class and take needed photos was a great help. **Joellyn:** Are you sure you're not being partial to the swim team? Despite so many conflicts you did a great job. Your fighting spirit and determination enabled you to produce endless pages of sports. **Larry:** Nothing like spending your holiday typing! How about taking a picture of a kite? . . . especially in the scenic school parking lot. Thanks for all the extra favors you did for me. **Bruce:** I never knew you could dance like John Travolta! Where did you ever come up with all these jokes for the assembly script? Thanks for all the work both in the dark room and the sports section. **Ray:** Don't you know that it's dangerous to sit on moving vehicles? I'll feel forever guilty for taking the fire alarm that was rightfully yours. **Lisa:** Of course you have big eyes! You did a great job on your section. Always feel free to practice your dance routines in class. Good luck to you next year. **Richard:** Now what's so impossible about taking track pictures in the rain or indoor pictures without a flash?! O.K. Who dropped the slides? Your excellent photography and hard work show up in so many pages. **Karen:** Thanks for working on so many different sections and always being concerned about the book. The added effort and long hours you contributed showed in the quality of your work. You are a very valuable member of the staff. **Nancy:** Error number 1,679! How many more bake sales will we need? Your proofing helped us catch so many mistakes we would have missed. Thanks. **Denise:** I don't think I've ever seen you unhappy. You're always smiling and enthusiastic, which must be a sign of a great personality. The sophomore pages are excellent. **Debbie:** ESP would have come in handy in working on your section during second semester. Your patience and effort kept everything together. The importance of each activity is reflected in your copy and it will bring back a lot of memories in the years to come. **Karen Patterson:** I appreciate all the help you gave to the sports section during the first semester. Hope you like your new home and school in New Jersey. We all miss you here. **Jeanine:** Even with the pressure of having group pictures come in at the last minute, you did excellent work. Thanks for all the extra help cropping pictures and checking names. **Jana:** It was great to have another photographer on the staff, especially when we were in deadlines and desperate for pictures. Your skill in photography clearly shows in the work you produced. **Mark:** You always seemed to keep your co-workers laughing. Your patience in organizing clubs was remarkable. Despite the mix-up about color prints, the senior section turned out great. Thanks for all the hard work. **Keith:** I really value the enthusiasm and pride you take in the activities section. I bet you thought I'd forget the picture! My cheeks will always live in constant fear of you. What? You want to do something different?! **Mrs. Peterson:** Thanks for understanding how important sports are to me. I appreciate all the time you spent on recommendations. Thanks for giving me the opportunity to be editor this year. **Tom Imming:** Thanks for everything.

Wendy

Nuke San Moreno! Hey, I'll bet they kick all hippies out of there anyway. **Jim:** Give Peace a Chance. Want to go for a spin up to your house? I won't stay later than 3 a.m. **Mark:** Can I have a ride? No power slides on my street though. Let's all go to Nancy's house and watch **Apocalypse Now. Nancy:** 7-11 will never be the same. Good luck at the Navel Academy. Whatever that means. **Wendy and Dale:** Thanks for being co-editors with me this year. **Spaz:** swap spit. You certainly added to YB. What, I don't know, but something. You do the best clinging vine impersonation I've ever seen. **Karen:** congrats to the girl who did the whole thing by herself. Thanks for the help. No kidding. **Joellyn:** Coach section Ma'am? Your sports section is the best I've ever seen. Can I borrow a pencil? **Keith:** You're too bizarre for words. **Lisa S.:** You're all right. Good luck next year. Thanks to all the rest. We did it. We achieved Nirvana.

Coming to you live from La Crescenta,
Good Night.



Dear **Talon** "Staff":

I'll bet you're wondering why the quotes on "Staff." I tried several other openings, but nothing really accurately describes the fine work you did on this book. Every other opening I tried seemed to sell you short somehow. "Dear Yearbook Class" is laughable — five minutes in Room 131 fifth period will tell you it's not exactly a **class.** What normal class would get all dressed up just to drive across town and get kicked out of a ritzy park? Next I tried "Dear Bookies," but that sounds illegal. "Dear Team" is much too rah-rah (Dan and Wendy — remember the rah-rahs?) I burned out a thesaurus trying words like group, organization, association, crew, gang, workers (ha!), personnel, hired help . . . nothing worked. I finally tried staff, but that sounds like you punched a time clock, had a lunch hour (a real one, with food and everything), and picked up a paycheck at the end of the week (imagine the overtime pay). It also gives the impression that you each had a little job to do, like **just** proofing or **just** doing layouts or **just** taking pics or **just** complaining (Joellyn), but that's not the way it was. Everyone contributed his blob of creativity; in deadline we stirred it all up, poured it in a box, mailed it across the country, then worried and sweated through the next deadline.

The whole mess was new to a lot of us, but we put together a great book. Special thanks to Wendy and Mrs. Peterson as well as everyone who worked so hard to make it happen. Oh yeah, and Joellyn, too.

P.S. There is no such word as "antimatent."

Dale

Look for the **Talon** label,
When you are buying a yearbook this year.
Remember somewhere your yearbook's calling,
So don't be bawling about the price,
It's worth it all!
We work hard, but who's complaining?
So go on out and buy your yearbook right away.
And always look for the **Talon** label,
It says we're able to make it in the USA.

—Keith Malone, '81

Okay, you clowns! Who put the chocolate drops under the falcon? Who jet propelled the skier? And who in heaven's name put pencils in (sob) Robert Redford's face? 'Fess up! Who fed Ken-doll to the shark? And WHO checked out Huntington Library? **What** kind of photo paper do we need? You left WHAT at home? Your car is missing? The coaches won't WHAT? We need to sell HOW many cakes? You're not staying **today** either? We can't say **that** in the assembly! You're STILL waiting for pictures? I hope your memories of this year are as good as mine. You're one of the BEST YB staffs EVER. I'll brag about you for many years. All the best to each of you. Most of you are headed for promising careers. Let's have a party! Luv, "MOM" P.

Molly Hatchet (Middle Mae),

Well buddy, we finally made it through another year (yea!) Hope that your year was as good as mine. We had alot of good times— Coors, Little Rock, Movies (~~Sue~~ mom), parents going away, teaching you how to drive at 2:00 in the morning, Reese's + milk, "Do you have a cigarette I can bum", cutting school (oops), ~~gangs~~ Journey, ete. We better do more partying together just because you & Lenny are doing really good— that doesn't mean that you can't

call me anymore. Well, there isn't really much more to write or talk about because I well be seeing you all summer. Don't forget that we are still best of freinds (I hope).
